

Errors in Volume X

1. It has come to our attention that the data for **Brazil, Goiânia** also included data from Aparecida de Goiânia, whereas the corresponding person-years were for Brazil, Goiânia only. As a result, the rates were somewhat overestimated and therefore cannot be directly compared with the data published in Volume IX and Volume XI.
2. The title of Table 5.3, on page 93, contained an error. Instead of “incidence rates (per million) of childhood cancer”, it should read “incidence rates (per 100 000) of childhood cancer”.
