

Contents

List of abbreviations	ix	Rare and salivary gland-type tumours	
Foreword	x	Introduction	139
TNM staging of carcinomas of the breast	1	Acinic cell carcinoma	139
1 Introduction to tumours of the breast	5	Adenoid cystic carcinoma	142
2 Epithelial tumours of the breast	9	Secretory carcinoma	146
WHO classification of epithelial tumours of the breast	10	Mucoepidermoid carcinoma	149
Benign epithelial proliferations and precursors		Polymorphous adenocarcinoma	151
Introduction	11	Tall cell carcinoma with reversed polarity	153
Usual ductal hyperplasia	13	Neuroendocrine neoplasms	
Columnar cell lesions, including flat epithelial atypia	15	Introduction	155
Atypical ductal hyperplasia	18	Neuroendocrine tumour	156
Adenosis and benign sclerosing lesions		Neuroendocrine carcinoma	159
Introduction	22	3 Fibroepithelial tumours and hamartomas of the breast	163
Sclerosing adenosis	22	WHO classification of fibroepithelial tumours and hamartomas of the breast	164
Apocrine adenosis and adenoma	25	Introduction	165
Microglandular adenosis	28	Hamartoma	166
Radial scar / complex sclerosing lesion	30	Fibroadenoma	168
Adenomas		Phyllodes tumour	172
Introduction	32	4 Tumours of the nipple	177
Tubular adenoma	32	WHO classification of tumours of the nipple	178
Lactating adenoma	35	Introduction	179
Ductal adenoma	37	Epithelial tumours	
Epithelial-myoepithelial tumours		Syringomatous tumour	180
Introduction	39	Nipple adenoma	182
Pleomorphic adenoma	40	Paget disease of the breast	184
Adenomyoepithelioma	43	5 Mesenchymal tumours of the breast	187
Malignant adenomyoepithelioma	46	WHO classification of mesenchymal tumours of the breast	188
Papillary neoplasms		Introduction	189
Introduction	49	Vascular tumours	
Intraductal papilloma	52	Haemangioma	191
Papillary ductal carcinoma in situ	57	Angiomatosis	193
Encapsulated papillary carcinoma	60	Atypical vascular lesions	195
Solid papillary carcinoma (in situ and invasive)	63	Postradiation angiosarcoma of the breast	197
Invasive papillary carcinoma	66	Primary angiosarcoma of the breast	200
Non-invasive lobular neoplasia		Fibroblastic and myofibroblastic tumours	
Introduction	68	Nodular fasciitis	202
Atypical lobular hyperplasia	68	Myofibroblastoma	204
Lobular carcinoma in situ	71	Desmoid fibromatosis	206
Ductal carcinoma in situ		Inflammatory myofibroblastic tumour	209
Introduction	75	Peripheral nerve sheath tumours	
Ductal carcinoma in situ	76	Schwannoma	211
Invasive breast carcinoma		Neurofibroma	213
General overview	82	Granular cell tumour	215
Invasive breast carcinoma of no special type	102	Smooth muscle tumours	
Microinvasive carcinoma	110	Leiomyoma	217
Invasive lobular carcinoma	114	Leiomyosarcoma	219
Tubular carcinoma	119	Adipocytic tumours	
Cribriform carcinoma	121	Lipoma	221
Mucinous carcinoma	123	Angiolipoma	223
Mucinous cystadenocarcinoma	126	Liposarcoma	225
Invasive micropapillary carcinoma	128	Other mesenchymal tumours and tumour-like conditions	
Carcinoma with apocrine differentiation	131	Pseudoangiomatous stromal hyperplasia	228
Metaplastic carcinoma	134		

6 Haematolymphoid tumours of the breast	231	9 Genetic tumour syndromes of the breast	267
WHO classification of haematolymphoid tumours of the breast	232	Introduction	268
Introduction	233	<i>BRCA1/2</i> -associated hereditary breast and ovarian cancer syndrome	270
Lymphoma		Cowden syndrome	275
Extranodal marginal zone lymphoma of mucosa-associated lymphoid tissue (MALT lymphoma)	235	Ataxia–telangiectasia	277
Follicular lymphoma	238	Li–Fraumeni syndrome, <i>TP53</i> -associated	279
Diffuse large B-cell lymphoma	240	Li–Fraumeni syndrome, <i>CHEK2</i> -associated	282
Burkitt lymphoma	242	<i>CDH1</i> -associated breast cancer	284
Breast implant–associated anaplastic large cell lymphoma	245	<i>PALB2</i> -associated cancers	286
		Peutz–Jeghers syndrome	288
		Neurofibromatosis type 1	290
		The polygenic component of breast cancer susceptibility	292
7 Tumours of the male breast	249	Contributors	299
WHO classification of tumours of the male breast	250	Declaration of interests	305
Introduction	251	IARC/WHO Committee for ICD-O	306
Epithelial tumours		Sources	307
Gynaecomastia	252	References	311
Carcinoma in situ	255	Subject index	349
Invasive carcinoma	257	Previous volumes in the series	356
8 Metastases to the breast	261
